Calling All Lightbearers!

You still have time to reserve your seat for “Building a Solar Civilization in the Age of Aquarius.” Your physical presence is needed to help us lower certain strata of the etheric plane matrices of the Golden Age civilization into the earth.

Also:

- Meet souls with whom you may have a common mission.
- Find out why so many spiritual people are attracted to Arizona.
- Receive current revelations from the Ascended Masters.
- Understand Tucson's special place in the chakra system of the United States.
- Discover the connection between the Tibetan and Hopi People and past Golden ages.
- Experience the power of geometric multiplication that arises from doing dynamic decrees and mantras in a large group.
- Feel the power crystal bowls as they amplify the action of this prayer work.
- Discover the unique God-qualities the people of Arizona are meant to out picture and why those qualities are so enhanced in Arizona.
- Hear how desert flower essences can raise you consciousness.
- Learn about highly advanced civilizations that existed in the Sonoran Desert area millennia ago.
- Work with the angelic hosts and nature spirits to focus and anchor the light for the Aquarian age.

This is a great opportunity for those of you in the northern climates to receive a much needed spring break. The weather will be in the 80's. The conference is being held at the Doubletree Hotel in Tucson, a beautiful, yet affordable retreat. Come and soak up the sun rays of divine love-wisdom by the pool during breaks. When you leave the conference you will be charged with light and renewed vigor for the victory of your mission.

The Ascended Masters build a greater momentum of light in the earth body during each conference. They anchor this light through your physical body. Don't miss this opportunity to accelerate your consciousness and the manifestation of the golden age consciousness on earth. Please forward this invitation to your friends.

The date to receive the \$89 per night hotel rate has passed, but the Heart Center of Tucson still has a few rooms reserved at that rate. Also, we can help you find a roommate if desired. Register now, it's worth the investment.
